Response to Issues raised by RFP Evaluation Committee

Issue	Comment
Perceived increase in the cost of prescriptions via B/UHC versus UNL's purchasing power	Bryan is a member of the second largest health care group purchasing organization in the nation and will be able to obtain prescription drugs at very favorable prices.
Proposed fee for service schedule for laboratory and procedures. Concerned that these fees may significantly increase.	Fees are frozen through June 30, 2014 and there are limitations on increases thereafter.
Charging for space at other Student Affairs' venues/events for Health Education & Outreach	Contract provides B/UHC with "Affiliate" status for space at campus activities.
Competition with other campus-offered services (i.e. massage therapy)	B/UHC's services will be health-care related.
Concerns voiced that the base UHC expenses may be identified as too high by UNL; therefore, as B/UHC reduces costs, students will not financially benefit in a drop in their UPFF fee.	The purpose of the RFP was to provide equal or improved services at less cost to the students. The B/UHC proposal accomplishes that goal. Payments to B/UHC are frozen through June 2014 and there are limitations on increases thereafter.
Current fee-for services are set between the Medicaid reimbursement and the 50% percentile of BCBS reimbursement and then discounted for UPFF paying students.	Fees are frozen through June 30, 2014.
What is the impact of joining insurance networks on this UNL-specific fee-setting and collection model?	Additional insurance networks provide more opportunities for students with health care insurance to have costs covered.
Connection between UNL's website by B/UHC website.	Included in the contract
Issue regarding demographic and immunization data in PeopleSoft for all four NU campuses. Security access to PeopleSoft. Registration holds based on completion of University health requirements?	B/UHC has responsibility to assist UNL in gathering student immunization records. Administrative process will protect security access to PeopleSoft.
Employment opportunities for undergraduate and graduate students (internships?), international students? (VISA issues)	Noted; opportunities will be made available.
Who will negotiate the student insurance program?	B/UHC will negotiate the contract in consultation with designated UNL staff members. Final contract will be jointly executed by UNL and B/UHC.
Will mental health services be directed to Bryan Health versus CAPs?	No, because B/UHC is not offering these services.
B/UHC also needs to serve UNMC and UNO students on UNL's campus.	Agreed.
Status of the two NHHS grants. What options are available to continue these	B/UHC will work with the appropriate individuals to make every effort to continue these grants, if the

grants (and services)?	qualifications are still met. Final decision on transferring the grants to B/UHC will be made by NHHS.
B/UHC's role in emergency preparedness	B/UHC will participate in UNL's emergency preparedness planning and exercises.
Composition/authority of the advisory committees. Will the two student seats on the Board of Directors be voting members?	Yes; selected students must meet minimum qualifications expected of all board members.
Maintaining the student health data management system for CAPS. Transition to B/UHC systems?	To be maintained separately.
State statue requirement requiring UNL to provide information regarding meningococcal disease to students and parents of students who reside in residence hall and trying to obtain confirmation that the information was received. Identify continuing responsibility of this requirement. B/UHC or UNL?	B/UHC and UNL must work together to ensure compliance with state law.
Clarify which positions will be retained upon transition. Student employees, 9-month staff, temporary and on-call employees?	Included in contract. All regular employees who meet B/UHC's employment eligibility will be retained for at least one year.
Student shadowing opportunities	Noted opportunities will be made available.
Medical services for transgender patients	All UNL students are eligible for B/UHC services.
Will B/UHC consider the lowest cost option for the student if non-BH providers were less expensive options?	Illegal to steer patients to one provider.
More specificity regarding dental services	B/UHC will continue to provide dental services equal to those currently offered. These services may be self-performed by B/UHC or in partnership with a third party.
Maintain the current clinical site for athletic training students, currently provided jointly by UHC staff and Campus Rec.	B/UHC is interested in working with College of Education and Human Sciences to develop a plan to continue this program.
Clarify the relationship between B/UHC and CAPS	CAPS to be operated by UNL.
Note that B/UHC will not be open to the public	Correct.
Note that faculty, staff, and student families receive medical treatment at the B/UHC	Correct. No plan to change.
HIPAA compliance and liability	Included in the contract.
