XIX. Facsimile of the AMC 8 front cover .....	23
AMC Sponsors and Contributors .....	24

## I. Changes of Note

### Rule Change for Block

#### Scheduling or other Conflicts

The Committee on the American Mathematics Competitions has decided that the contest may now be administered on more than one day during the window period. Please keep all student answer forms secured, and send everything back to us after all administrations have taken place.

#### Let Parents/Guardians know about this activity!

The letter found on page 21 can be duplicated and sent home with students or handed out at parent/teacher conference time or open house.

#### Give your Student Scores a Boost!

A sampling of good practice questions can be found on Pages 10-19 in this manual! Also, our Math Club Package provides more practice questions and resources to help teachers prepare students for the AMC 8. (Use the "Math Club Package" line on Additional Bundles Form on page 9 to order.).

#### Survey Questionnaire

Questions found on page 8. Mark responses using the grid on the back side of the school ID Form.
