A Continually Colorful Garden Is within Reach . . . with Pam Duthie

Learn Pam's "insider's tips" for a continually colorful garden from spring through winter. She shares her vast experience with perennials, trees, and shrubs in a lively, spirited presentation that will leave you inspired and energized.

For inspiration whenever you need it, combine Continuous Color with Continuous Bloom, the ideal guide to month-by-month color in the perennial garden, and your garden will be a rainbow of color from spring through winter! Both books available in hardcover and garden-friendly, spiral-bound, laminated editions.

Pam Duthie is an author, photographer, speaker, and landscape designer. She speaks at garden clubs, botanical gardens, nurseries, trade seminars, nurseries, and garden centers nationally. Pam lives and gardens in Northbrook, Illinois.

FOR INFORMATION: About Pam’s presentations or to schedule an event, please go to www.pamthegiftedgardener.com, or email thegiftedgardener@comcast.net.
