OBJECTIVE

Seeking a full-time or summer internship position as a software engineer

SUMMARY OF QUALIFICATIONS

- M.S. in Computer Science and five years professional experience in networking
- Extensive background in large-scale software development and testing
- Experienced in software development planning and programming
- Legally authorized to work in US through Optional Practical Training

TECHNICAL STRENGTHS

- Over 8 years experience in C and C++
- Extensive experience in Java, Perl, TCL, SQL, Unix Shell, PHP, and C#
- Solid background in database systems including MySQL, Oracle, Informix, and Sybase
- Networking skills in TCP/IP, Internet Routing, Signaling Protocols, and Wireless Networks
- Extensive experience in varied operating systems including Unix, Windows, and Linux

WORK EXPERIENCE

Computer Programmer, September 2003 – Present

Information Services, University of Nebraska–Lincoln

- Develop and program web applications for course management
- Construct and maintain project databases
- Install and maintain software and hardware

Graduate Assistant, January 2003 – June 2003

Department of Computer Science and Engineering, University of Nebraska–Lincoln

- Assisted in computer lab instruction
- Participated in computer network and programming research

M.I.S. Supervisor, July 1998 – January 2003

Shanghai Foods, Shanghai, China

- Served as system administrator for management software
- Supported management decisions by developing monthly and ad hoc reports
- Provided internal computer technology support for 150 workstations

EDUCATION

Master's Degree in Computer Science, August 2006, GPA: 4.0/4.0

University of Nebraska–Lincoln, Nebraska

Research Area: Optical Networks

Bachelor of Science in Information Management and Information Systems, June 1999

University of Science & Technology of China

COURSE PROJECTS

- Optical Networks (publication/presentation for IEEE International Conference on Communications)
- Cluster Construction and Queries vs. Different Weighting Models
- Recognition of Braille Characters and Conversion into English Text

AWARDS AND ACTIVITIES

- Institute of Electrical and Electronics Engineers (IEEE).
- Chinese Students Association, University of Nebraska–Lincoln, Secretary
