What We Do

- We solicit and discuss concerns and ideas from staff and raise them to the dean as needed.
- We act as a sounding board for the dean when deciding college policies and procedures.
- We promote and create opportunities for professional development, networking, and recognition.
- We are a cross section of the staff and do not represent the opinions of the staff as a whole.
- We work transparently and communicate regularly.
- We are from Business Support, Lab Support, Office Support, Technical Support, and Advising/Outreach.

Spark Discussion Groups

A monthly series devoted to sharing and discussing ideas. Feed the mind, make improvements and connections, network, build community, create a common language, and engage!

By Staff For Staff

Thank You for all you do!
You are awesome!!
Keep it up!!

Sponsored by the College of Arts and Sciences
