

Biography

Linda R Crump, J.D.

Linda R Crump is currently serving as the Assistant to the Chancellor for Equity, Access & Diversity Programs at the University of Nebraska-Lincoln. This office provides advice and support to the campus on issues of equal employment opportunity, affirmative action, accommodations for employees with disabilities and campus diversity programming.

Linda is a native of New York City, NY. She attended Nebraska Wesleyan University and earned her Bachelor of Science degree in Biology from City College of New York. She is also a 1990 graduate of the University of Nebraska-Lincoln College of Law. Before going to law school Linda taught biology, general science, physical science and physics at Lincoln High School.

She is very involved in civic and professional organizations. Ms. Crump is the Past President of the Nebraska State Bar Association. She served as President from October 2006 until October 2007. In 2000, Linda was the first African American to serve as the Chair of the Nebraska State Bar Association. She was first elected to the House of Delegates of the Bar Association in 1992. In addition to this elected position, she served as the chair of the Bar Association's Professionalism Committee and served on the Minority & Justice Task Force Committee a joint project of the Nebraska Supreme Court and the Nebraska Bar Association to study segments of the legal system within the State of Nebraska to assess the opportunities, experiences and treatment of our minority population. She is currently co-chair of the Minority & Justice Implementation Committee charged with the responsibility to implement the recommendations from the Task Force.

Some of Linda's previous civic service included service on the Nebraska Commission on the Status of Women, Homestead Girl Scout Council, Nebraska Public Radio's Community Advisory Board, Planned Parenthood of Nebraska and Council Bluffs Board, the Nebraska Arts Council, the Senior Center Foundation Board, the Lincoln Community Foundation, Legal Services of Southeast Nebraska, and Harris Laboratories Institutional Review Board.
