

Hostelling International

What is Hostelling International? Hostel is the world's largest travel club, a nonprofit organization dedicated to helping you economically experience all of the diversity the world has to offer.

Where are Hostels? There are nearly 5,000 hostels in over 70 countries, including 150 hostels in the U.S. In order to find us we have recently adopted the Hostelling International name to affiliate all of our association members. Just look for the blue triangle with the hut and tree when you're out exploring the world, and you have found us.

The Hostelling International mission: "To help all, especially the young, gain a greater understanding of the world and its people through hostelling". Your membership dues help us to fulfill this mission, and we thank you for your support. The University of Nebraska-Lincoln is proud to offer you the Adult or Senior Hostel Kit, including the hostel card. Youth (under 18) memberships are FREE and are also available at UNL. Lifetime Memberships for \$250 must be obtained by contacting the national administrative office.
