

## UNIVERSITY OF NEBRASKA, OFFICE OF INTERNATIONAL AFFAIRS

Hi!

Selected University of Nebraska (UNL) study abroad programs are being studied to determine if international educational experiences have an impact on student lives and, if so, in what manner. As a recent UNL study abroad participant, we request your help by taking part in this pilot study.

If you agree, please complete the following survey, which will probably take about 10 minutes. There are no right or wrong answers. We are only interested in your personal opinions and perceptions about study abroad through the University of Nebraska.

The data will then be analyzed and a report generated for further in-depth understanding of the possible impact of studying abroad on the lives of students. All results will be treated with strict confidence. Your privacy will be protected to the maximum extent allowable by law. The survey data will be reported in aggregate so no one will be identified.

If you have any questions regarding this study or would like to receive a copy of the final results, please contact:
