

Sit back, relax and enjoy this nostalgic treat while we explain how EducationQuest can help your students find Nebraska-based scholarships.

All they have to do is visit *ScholarshipQuest* at www.educationquest.org. This online scholarship search program has over 1,300 local and statewide awards.

It's free!

As a nonprofit organization, we developed *ScholarshipQuest* to help Nebraska students access higher education. *It contains no ads or pop-up windows.*

Bookmarks for your students

Give these *ScholarshipQuest* bookmarks to your students to remind them where they can find a "bit-o-money" to help pay for college! Email sq@educationquest.org to order more bookmarks!

It's easy!

After completing a brief online profile, students receive a list of scholarships that match their criteria. The program *saves the profile for future use.*

It's accurate!

We verify and update all scholarship information every year.
