

## **College of Arts and Sciences Strategic Priorities 2009-10**

1. Maximize use of current resources and find new resources to increase excellence
2. Complete a strategic vision for the college
3. Increase faculty and staff development opportunities
4. Enhance research and education through an emphasis on interdisciplinarity
5. Increase the number of students in college and increase retention through enhanced advising
6. Enhance undergraduate education through more tenure-line faculty in lower level courses
7. Enhance undergraduate education through more opportunities for discovery learning
8. Ensure smooth implementation of ACE and new college graduation requirements
