

## **College of Arts and Sciences Strategic Priorities 2008-09**

1. Enhance research and education through reorganization of the Dean's Office.
2. Maximize use of current resources and find new resources to increase excellence in research and education.
3. Enhance research and education through an increased emphasis on interdisciplinary faculty hiring.
4. Complete a strategic vision for the college.
5. Increase the number of students in the college and improve retention through enhanced advising.
6. Enhance the undergraduate experience through more tenured and tenure-line faculty in lower level courses.
7. Prepare for the implementation of ACE and new college requirements for degrees.
8. Enhance undergraduate education through more opportunities for discovery learning.
