UCARE SUMMARY STATEMENT

Student Name: _____

Project Title: _____

Summary Statement

Provide a 100 to 200-word summary of the project on which you will be working, including your proposed role in this project. Please include the scientific or creative methods to be employed and the significance of the work to the field of knowledge in general. (You may attach a separate sheet.)

Research Compliance:

All research involving human subjects at or associated with the University of Nebraska–Lincoln must be reviewed and approved by the Institutional Review Board (IRB) before research can proceed. Human research includes everything from surveys to physical testing. Any human research that is conducted without IRB approval can place the University, its faculty, staff, students and human research participants in jeopardy. Further information can be accessed from the following website:

<http://www.unl.edu/research/ReComp1/IRBguide2.pdf>. Any questions or concerns about research compliance can be directed to Dr. Dan Vasgird, Research Compliance Services, 472-1837 or email dvasgird2@unl.edu.

We have read this statement and will comply by IRB guidelines.
