

Autism Spectrum Disorder and Females

February 14, 2018

This webinar will be offered two times on the date scheduled

Join us at 3:00 – 3:45pm CST/2:00 – 2:45pm MT
or 4:30pm – 5:15pm CST/3:30 -4:15pm MT

Description: Girls with Autism Spectrum Disorder are under identified. In this webinar, we will explore how to identify characteristics of females with ASD through the use of home videos. We will also highlight important factors to consider when planning interventions for females with ASD.

Participants will:

- Identify the differences between females and males with ASD.
- Recognize why females are difficult to identify.
- Explain the importance of early identification.
- Explore interventions specific to females with ASD.

Who should attend: Administrators, general education teachers, specialist teachers, family members, paraprofessionals, special education professionals, and related service providers.
