General donations from students and staff as well as some partnerships around the city. Husker pantry does have the ability to buy more items. If there are specific things needed past typical canned goods that are available, talk to Eva Bachman to have a food drive to help broaden support of the pantry.

ANNOUNCEMENTS
Shout out to Anu for the event at Mana games, the event was great and very fun and look forward to future events.
This week, the history department is putting on its annual conference in the downtown union, topic is on class, race, and gender in history, Dr. Cahil (sp?) will speak on the 19th amendment.
Live in Lincoln Husker watch party on Friday.
Working towards rebranding the Grad report, making it more visually appealing. Tried the first one last week, tomorrow newest addition is coming out. Looking to have more departmental participation and take it to another level. How do you get the graduate report? Ordinarily uses UNL announce system, reason why is that graduate report goes out automatically to sign up, however you can opt-out and are not getting it, except law and dentistry that outside the graduate college. Can sign up on the graduate report website. Are you working with the team? Yes. In the past, ISSO has not received the report, the future should have an increased amount of participation and reach.
