GSA Resolution in support of monthly payment option for University parking passes.

WHEREAS, graduate students have requested the option to pay for their parking passes on a monthly basis for the past three years, and

WHEREAS, the plan currently in place for paycheck deduction leaves out a number of graduate students who are not on a monthly stipend, and

WHEREAS, the students that are left out are likely the ones that could benefit the most from a monthly payment option because of their increased need to budget appropriately.

THEREFORE, BE IT RESOLVED, that the representatives of the Legislative Assembly support having parking pass payments be sent to the Student Consolidated Bill on a monthly basis for the term of the parking pass (e.g., 9-month, yearly).
