

2023 NEBRASKA SUMMER RESEARCH PROGRAM

10 weeks. Research experience.
Scholarly community. Grad-school ready.

This intensive summer research experience provides mentoring and research experiences while allowing scholars to preview graduate school life. Students with a strong interest in graduate programs are particularly encouraged to apply as are those from populations traditionally underrepresented in graduate education.

- Applied Phenotyping Technology
- Applied Plant Systems
- Applied Unmanned Systems
- Beneficial Insects
- Bioenergy Systems
- Biomedical Engineering
