

UNIVERSITY of NEBRASKA-LINCOLN

2020

NEBRASKA SUMMER RESEARCH

10 weeks. Scholarly community. Grad-school ready.

N
GRADUATE STUDIES

Nebraska Summer Research Program

This intensive summer research experience provides mentoring and research experiences while allowing scholars to preview graduate school life. Students with a strong interest in graduate programs are particularly encouraged to apply as are those from populations traditionally underrepresented in graduate education.

Scholars stay in **suite-style housing**, enjoy an **on-campus meal plan**, and have **travel costs covered**. The program also features workshops for **GRE prep**, writing a **personal statement**, creating a **research poster**, and more.

Additionally, scholars get a chance to visit the **Omaha Henry Doorly Zoo**, join **intramural teams**, rent bikes to **explore Lincoln**, attend outdoor adventures, and more!

APPLY AT [UNL.EDU/SUMMERPROGRAM](https://unl.edu/summerprogram)

STIPEND RANGE

\$5,000-\$6,000

PROGRAM DURATION

June 1, 2020 - August 7, 2020

APPLICATION OPENS

November 15, 2019

- Applied Plant Systems
- Beneficial Insects
- Bioenergy Systems
- Biomedical Engineering
- Chemistry
- Materials Science (MRSEC)
- Minority Health Disparities
- Molecular Plant-Microbe Interaction
- Nanotechnology Coordinated Infrastructure
- Plant and Microbiome
- Redox Biology
- Sustainability of Civil Infrastructure
- Unmanned Systems
- Virology
