Queering Families:
The Postmodern Partnerships of Cisgender Women and Transgender Men

Dr. Carla Pfeffer
Assistant Professor of Sociology and Women’s & Gender Studies,
University of South Carolina

While a growing body of literature on transgender men’s experiences has come to the forefront, relatively little exists to document the experiences of their partners. Drawing upon interviews with fifty cisgender women partners of transgender men in the U.S. and Canada, Pfeffer examines the experiences of a community that often seems ordinary on its surface. Queering Families details the struggles and strengths of these women as they work to build identities, partnerships, families, and communities.
