Students may use their Buffett Scholarship in varying ways during the summer term. Please utilize the instructions on this page based on your individual academic situation for the summer term.

Please note:
1. If you are ONLY planning to take a class at UNL you do NOT need to complete the secondary institution form.
2. If you will register at UNL (at 12+ hours) AND a secondary institution during the summer term, you do NOT need to complete the request for funding from a secondary institution form, as you would not be eligible for any further scholarship funding; just complete the instructions for courses at UNL.
3. If you intend to take classes at UNL (under 12 hours) AND a secondary institution during the summer term, you must fill out the Request for Funding from a Secondary Institution Form to receive Buffett scholarship funding at the other institution, in addition to following the instructions for summer courses at UNL.

**ACADEMIC REQUIREMENTS**

The Buffett Foundation gives the summer term the same weight as fall and spring terms. Students need to maintain a cumulative GPA of at least 2.0 each term. Thus, no matter how many credit hours students are enrolled in for the summer term, if the cumulative GPA drops below a 2.0, the student will be on scholarship probation. Two consecutive or three total terms on probation will result in loss of scholarship.

It is the student's responsibility to be aware of withdrawal policies for the summer term, which are much different than the regular academic year calendar due to the scheduling of summer classes in sessions.
